

Chester SA-1000DC Bandsaw

The Chester SA-1000DC Semi Automatic Bandsaw is built with two conjoined linear cast iron columns for rigid accurate cutting. This saw is fitted with electronic variable blade speed and blade shut off, auto raising of bow and hydraulic vice. Cutting capacity in either solid or hollow, round or square bar is 39 1/2". The workpiece can be moved into position on the machine with the powered rollers.
